Yuki Jevelle Jurado

UI/UX Designer

Hello!

I'm a UI/UX designer studying International Digital Experience Design at Thomas More, with two years of animation film behind me. I design playful, user-friendly interfaces, draw my own illustrations and build my designs in HTML, CSS and JavaScript. I'm looking for an **internship** where I can sharpen my UI/UX skills in a real team.

Experience

Freelance Web Designer & Developer

Oct 2026 – now

Mahal Beauty · lash & waxing studio, Antwerp

- Redesigning the studio's website on my own, from requirements to launch.
- Gathered the requirements with the owner and kept in touch with her as the client, then designed the UX and UI in Figma. She approved the design.
- Now building the website in code.

Scrum Master & Team Lead

2024 – now

Class project teams · Thomas More

- Often take the Scrum Master or team-lead role in group projects.
- Run sprint planning, stand-ups and retrospectives, estimate with story points, and keep the team and stakeholders in sync.

Selected projects

Let's Dive — AI ASSIGNMENT

A one-week AI assignment: a scroll-driven dive from a sunlit reef into the deep ocean. I made the concept and storyboard and generated all visuals with AI; the code was written with Codex.

AI image & video tools · Codex · GSAP

sharkscrollworld.vercel.app

Lush Scrubby — TEAM · WEB APP

A gamified hygiene habit tracker for children, made with the Lush brand in mind. Built in a Scrum team.

Vue 3 · Pinia · Node.js · Express · Swagger

MIRA — UI/UX

A concept app for shopping the furniture and decor you see in your favourite series. I did the research, branding and UI/UX design.

Figma · paper sketches · 3 months

EcoMarkt — APP & ILLUSTRATION

A seasonal shopping companion guided by Egg, a mascot I drew who dresses for the weather. I did the branding, illustration and UI.

Figma · Procreate · 6 weeks
